Message from Dean

The Shourabh College of Veterinary Science is the provider of animal care in the state of Rajasthan and for the region. The college will provide quality and education opportunities to prepare our graduates for varied careers within the veterinary profession and continues to be near the top ranking of return on investment to obtain a doctor of veterinary degree. Our curriculum is built on a culture of scholarship that has led to the excellent reputation of the college for educating students not only to be ready to enter practice but to become successful veterinarians.

We are proud of our role in providing diagnostic services through our veterinary diagnostic laboratory, and improving the health and welfare of thousands of animals through our small and large animal veterinary teaching hospitals and our ambulatory services. We also contribute to scientific knowledge and understanding through our dedicated faculty and staff who carry out basic and applied research in areas of food safety, animal welfare and eco-friendly environment.

I'm proud to say that the future of our college looks bright and full of opportunity. We aspire, through excellence, to be the very best Veterinary College. We will continue to strive to build and strengthen our team of students, faculty, alumni, clients and friends. I consider it an honour to be a part of this team.

Dr. Anil Kumar Katariya

DEAN, SCVS, KHEDA

About the College

Rajasthan Delhi Education Society (RDES) was established in 2002. This RDES had established Shourabh College of Veterinary Science, Kheda, Hindaun City, Dist.- Karauli with broad vision, mission and mandate. The college is affiliated with the University of RAJVAS and functions in accordance with the guidelines prescribed by the Veterinary Council of India (VCI). Under the Ministry of Fisheries, Animal Husbandry and Dairying, Government of India. (Included in Schedule-I the Indian Veterinary Council Act 1984). The college follows course-curriculum as per minimum standards of Veterinary Education-2016 prescribed by the Veterinary Council of India (VCI) New Delhi. The college building is established with Mandates for teaching, research and extension education with modern clinical, para-clinical and production departments. Each independent department has sitting rooms, research labs, office and staff accommodations. Five spacious lecture halls accommodate 100 students are equipped with individual aids, goods lighting and proper ventilation arrangements. The college possesses well equipped spacious laboratories with highly qualified and experienced faculty members of national and international repute.

LOCATION AND CLIMATE:

Shourabh College of Veterinary Science is located in Hindaun - Karauli Road, Village - Kheda, Hindaun City, Dist.- Karauli at State Highway SH-22. Main occupations of most of people is agriculture and in the Karauli District. The animal husbandry also plays a very vital role in the rural economy. Opening of a veterinary college in this area shall boost the animal husbandry by way of education and extension, and thus quality of life in rural communities.

VISION:

The Shourabh College of Veterinary Science is to create congenial environment for developing an exemption institution in all spheres of veterinary and animal science education. The College will develop highly trained, creative, and insightful researchers whose work in advancing the level of scientific knowledge will be widely respected, bring personal and professional recognition, and make them positive role models

through their interactions with students.

MISSION

In addition to imparting knowledge of subjects, our objective is to integrate veterinary and Animal Science Education with the art of using knowledge with balanced attention to competent productivity and pragmatism. The college has been striving hard to develop this Veterinary Institute. The Institute is being developed in such manner so that the last man of the society can get its benefit.

Shourabh College of Veterinary Science: is being established to work towards the growth, development and formation of such a generation of students who possess intellectual genius, moral consciousness and social responsibility to ensure the sense of Animal Welfare, not just locally but also propagating the same globally. It believes in disseminating knowledge in a resourceful way with a view to help in the nation's development. To achieve this objective, the college identifies the following steps:

- To evolve and impart comprehensive education and to achieve excellence.
- To promote advanced studies and research in the branches of animal science.
- To sensitize the students regarding the health care of animals.
- To educate people by imparting training on modern and scientific methods of livestock farming and extension activities.
- To raise legal awareness in the community for a greater social and economic justice.
- To combine quality education with necessary input of practical training.
- To prepare students for creation of self-employment opportunities by adopting animal husbandry on large scale for sustainable income of the rural masses of the state.
