

DEPARTMENT OF VETERINARY PATHOLOGY
SHOURABH COLLEGE OF VETERINARY SCIENCE

Kheda, Hindaun City, Rajasthan

LECTURE SCHEDULE THEORY
2nd Professional year B.V.Sc. & A.H.
VETERINARY PATHOLOGY

Cr. Hrs. (4+2)

w.e.f 16/10/2024

Theory

Lecture duration: One hour

Name of Teachers -Dr. Kanchan Rawal and Dr. Faisal Bashir

Lecture Schedule - UNIT-1 (General Veterinary Pathology)

Serial NO	Date	Topics
1	16/10/2024	Introduction and scope of Veterinary Pathology,
2	17/10/2024	Major intrinsic & extrinsic causes of diseases.
3	21/10/2024	Hemodynamic disorders – Hyperemia, embolism.
4	22/10/2024	Hemodynamic disorders –, congestion, hemorrhage
5	23/10/2024	Haemodynamic disorder - thrombosis, infarction
6	24/10/2024	Haemodynamic disorder Edema
7	05/11/2024	Haemodynamic disorder infarctions
8	06/11/2024	Cell Injury – Reversible and irreversible
9	07/11/2024	Degenerations, glycogen overload, amyloidosis, fatty changes
10	11/11/2024	Necrosis and its types, major exogenous and endogenous pigment.
11	12/11/2024	Gangrene and its types, metastatic and dystrophic calcification. Photosensitization.
12	13/11/2024	Apoptosis, PM autolysis vs necrosis
13	14/11/2024	Disturbances in growth: Aplasia, hypoplasia, hyperplasia, metaplasia, hypertrophy, dysplasia, atrophy.
14	18/11/2024	Inflammation- Definition, Classification, various cell types and their function.
15	19/11/2024	Inflammation- mediators, cardinal signs, systemic effects.
16	20/11/2024	Wound healing –primary and secondary intention including growth factors
17	21/11/2024	Immunopathology in brief- immunodeficiencies
18	25/11/2024	Immunopathology in brief- hypersensitivity, and autoimmunity
UNIT II - SYSTEMIC VETERINARY PATHOLOGY		
19	26/11/2024	Pathological changes affecting digestive system.
20	27/11/2024	Pathological changes affecting digestive system
21	28/11/2024	Pathological changes affecting digestive system
22	02/12/2024	Pathological changes affecting digestive system
23	03/12/2024	Pathological changes affecting digestive system
24	04/12/2024	Pathological changes affecting respiratory system
25	09/12/2024	Pathological changes affecting respiratory system
26	10/12/2024	Pathological changes affecting respiratory system
27	11/12/2024	Pathological changes affecting respiratory system

28	12/12/2024	Pathological changes affecting respiratory system
29	16/12/2024	Pathological changes affecting respiratory system
30	17/12/2020	Pathological changes affecting musculoskeletal system
31	18/12/2024	Pathological changes affecting musculoskeletal system
32	19/12/2024	Pathological changes affecting musculoskeletal system
31	23/12/2024	Pathological changes affecting cardiovascular system
32	24/12/2024	Pathological changes affecting cardiovascular system
33	26/12/2024	Pathological changes affecting cardiovascular system
34	27/12/2024	Pathological changes affecting cardiovascular system
33	30/12/2024	Pathological changes affecting haemopoietic system
34	31/12/2024	Pathological changes affecting haemopoietic system
34	02/1/2025	Pathological changes affecting lymphoid system
36	7/1/2025	Pathological changes affecting urinary system
37	8/1/2025	Pathological changes affecting urinary system
38	09/1/2025	Pathological changes affecting urinary system
40	13/01/2025	Pathological changes affecting urinary system
41	14/01/2025	Pathological changes affecting urinary system
42	15/01/2025	Pathological changes affecting reproductive system
43	16/01/2025	Pathological changes affecting reproductive system
44		Pathological changes affecting reproductive system
45	20/01/2025	Pathological changes affecting nervous system
46	21/01/2025	Pathological changes affecting nervous system
47		Pathological changes affecting endocrine system
48	22/01/2025	Pathological changes affecting skin and appendages, ear and eye
III. Animal Oncology, Veterinary Clinical Pathology, Necropsy		
49	23/01/2025	Animal oncology-Definitions, general characteristics, classification and etiology of neoplasms. Differences between benign and malignant tumours.
50	27/01/2025	Carcinogenesis and spread of neoplasms-Tumour immunity.
51	28/01/2025	Effects and diagnosis of tumours -Staging and grading of neoplasms. Pathology of various types of tumours in domestic animals, Epithelial, connective tissue, hematopoietic tissue, etc
52	29/01/2025	Veterinary Clinical Pathology -introduction and importance. Different anticoagulants used in haematology
53	30/01/2025	Interpretation of blood tests -Haemoglobin, packed cell volume, total erythrocyte count, erythrocytic indices, ESR.
54	3/02/2025	Leukocyte studies -Total leukocyte count, DLC, absolute count of different leukocytes, blood smear examination.
55	5/02/2025	Interpretation. Biopsy and cytology Exfoliative cytology as rapid diagnostic techniques.
56	6/02/2025	Urinalysis -Physical, chemical and microscopic examination of urine.
57	10/02/2025	Necropsy - Introduction, objectives, pre-necropsy guidelines, procedure for post-mortem of various animals (including wild).
58	11/02/2025	Post-mortem changes - Detailed study of carcass changes. Collection, preservation and dispatch of specimens (morbid

		materials) for laboratory examination, writing of postmortem report,
59	12/02/2025	Veterolegal necropsy, veterolegal wounds
Unit -IV Pathology of infectious & non-infectious disease of domestic animals		
60	13/02/2025	Pathology of viral infections. Pathogenesis, gross and microscopic pathology of foot and mouth disease, Rinderpest,
61	17/02/2025	Pathogenesis, gross and microscopic pathology of malignant catarrhal fever, blue tongue, infectious bovine rhinotracheitis
62	18/02/2025	Pathogenesis, gross and microscopic pathology of bovine viral diarrhoea, Peste des Petitis (PPR). equine infectious anaemia,
63	19/02/2025	Pathogenesis, gross and microscopic pathology of equine influenza, equine viral arteritis,
64	20/02/2025	Pathogenesis, gross and microscopic pathology of equine rhinopneumonitis, classical swine fever, swine influenza,
65	24/02/2025	Pathogenesis, gross and microscopic pathology of equine rhinopneumonitis, classical swine fever, swine influenza,
66	25/02/2025	Pathogenesis, gross and microscopic pathology of rabies, canine distemper, infectious canine hepatitis, canine parvovirus infection
67	27/02/2025	Pathogenesis, gross and microscopic pathology of feline panleukopenia, maedi, jaagziekte.
68	03/03/2025	Pathogenesis, gross and microscopic pathology of pox virus diseases in different animals.
6	04/03/2025	Pathogenesis, gross and microscopic pathology of Vesicular stomatitis, vesicular exanthema
70	05/03/2025	Pathogenesis, gross and microscopic pathology equine encephalomyelitis. diseases caused by rota and corona viruses
71	06/03/2025	Pathology of prion diseases (scrapie, bovine and feline spongiform encephalopathies).
72	10/03/2025	Pathology of bacterial infections: Pathogenesis, gross and microscopic pathology of tuberculosis, Johne's disease, actinomycosis, actinobacillosis, anthrax,
73	11/03/2025	Pathogenesis, gross and microscopic pathology of clostridial group of diseases (black quarter, black disease, enteromoxaemia, braxy, botulism tetanus)
74	12/03/2025	Pathogenesis, gross and microscopic pathology of streptococosis including strangles in horses
75	17/03/2025	Pathogenesis, gross and microscopic pathology of staphylococosis, glanders,
76	18/03/2025	Pathogenesis, gross and microscopic pathology of pasteurellosis, leptospirosis,
77	19/03/2025	Pathogenesis, gross and microscopic pathology of listeriosis, swine erysipelas
78	20/03/2025	Pathogenesis, gross and microscopic pathology of brucellosis, corynebacterium
7	24/03/2025	Pathogenesis, gross and microscopic pathology of , infections (caseous lymphadenitis, pseudotuberculosis),

80	25/03/2025	Pathogenesis, gross and microscopic pathology of campylobacteriosis, salmonellosis,
81	26/03/2025	Pathogenesis, gross and microscopic pathology of colibacillosis including oedema disease in pigs, and necrobacillosis)
82	27/03/2025	Pathogenesis, gross and microscopic pathology of mycoplasma infection (contagious bovine pleuropneumonia, contagious caprine pleuropneumonia, porcine enzootic pneumonia),
83	01/04/2025	Pathogenesis, gross and microscopic pathology of diseases of chlamydial group, Q-fever, anaplasmosis and ehrlichiosis.
84	02/04/2025	Pathogenesis, gross and microscopic pathology of superficial and deep mycoses ringworm (dermatophytosis), aspergillosis, zygomycosis,
85	03/04/2025	Pathogenesis, gross and microscopic pathology of histoplasmosis, cryptococcosis, rhinosporidiosis and candidiasis
86	07/04/2025	Pathogenesis, gross and microscopic pathology of aflatoxicosis, ochratoxins, trichothecosis, Degen disease and ergototoxicosis,
87	08/04/2025	Pathogenesis, gross and microscopic pathology of babesiosis, theileriosis and trypanosomiasis. Pathological changes (in brief) of amphotomiasis, ascariasis, strongylosis
88	09/04/2025	Pathogenesis, gross and microscopic pathology of haemonchosis, spirocercosis, filariasis, hookworm, tapeworm infections, coccidiosis, toxoplasmosis, cryptosporidiosis,
8	15/04/2025	Pathological changes of nutritional imbalances (in brief) due to carbohydrates, proteins, fats, minerals and vitamins and metabolic diseases -pregnancy toxemia, post-parturient haemoglobinuria,
90	16/04/2025	Pathological changes of nutritional imbalances (in brief) due to carbohydrates, proteins, fats, minerals and vitamins and metabolic diseases - tetany, azoturia,
91	17/04/2025	Pathological changes of nutritional imbalances (in brief) due to carbohydrates, proteins, fats, minerals and vitamins and metabolic diseases -sway back enzootic ataxia, pica
92	21/04/2025	Pathological changes of nutritional imbalances (in brief) due to carbohydrates, proteins, fats, minerals and vitamins and metabolic diseases
93	22/04/2025	Gross and microscopic pathology (in brief) of toxicities like arsenic, copper,
94	23/04/2025	Gross and microscopic pathology (in brief) of toxicities like lead, mercury, cadmium,
95	24/04/2025	Gross and microscopic pathology (in brief) of toxicities like strychnine, nitrate or nitrite, hydrocyanic acid,
96	28/04/2025	Gross and microscopic pathology (in brief) of toxicities like fluoride, selenium and oxalates
97	30/04/2025	Gross and microscopic pathology (in brief) of toxicities like insecticide or pesticide
98	01/05/2025	Gross and Microscopical pathology of pesticide poisoning, plant poisoning - bracken fern, gossypol,

99	02/05/2025	Gross and Microscopical pathology of pesticide poisoning, plant poisoning -ratti, lantana
Unit -V Avian pathology		
100	03/05/2025	Avian inflammation viral diseases: pathogenesis, gross and microscopic pathology of Ranikhet disease and avian influenza.
101	05/05/2025	Pathogenesis, gross and microscopic pathology of infectious bronchitis, and Infectious laryngotracheitis,
102	06/05/2025	Pathogenesis, gross and microscopic pathology of Fowl pox, avian influenza, Mareks disease,
103	07/05/2025	Pathogenesis, gross and microscopic pathology of leucosisorsarcoma group of disease, .
104	08/05/2025	Pathogenesis, gross and microscopic pathology of reticuloendotheliosis, avian encephalomyelitis,
104	12/05/2025	Pathogenesis, gross and microscopic pathology of hydropericardium syndrome. inclusion body hepatitis
105	13/05/2025	Pathogenesis, gross and microscopic pathology of chicken infectious anaemia,avian nephritis, egg drop syndrome, reovirus infection,
106	14/05/2025	Pathogenesis, gross and microscopic pathology of colibacilloses, and infectious coryza ,
107	15/05/2025	Pathogenesis, gross and microscopic pathology of clostridial diseases , salmonella infections, fowl cholera,
108	19/05/2025	Pathogenesis, gross and microscopic pathology of tuberculosis.
109	20/05/2025	pathogenesis, gross and microscopic pathology of spirochaetosis.
110	21/05/2025	Pathogenesis, gross and microscopic pathology of mycoplasma infections.
111	22/05/2025	Pathogenesis, gross and microscopic pathology of chlamydiosis.
112	26/05/2025	Pathogenesis, gross & microscopic pathology of aspergillosis, thrush, favus, aflatoxicosis, ochratoxicosis, trichotheosis.
113	27/05/2025	Gross & microscopic pathology In Brief of Helminthic diseases -flukes, cestodes, nematode.
114		Gross & microscopic pathology(In Brief) of Helminthic diseases - nematode.
115	28/05/2025	Gross & microscopic pathology of protozoal diseases histomoniasis, coccidiosis.
116	02/06/2025	Gross & microscopic pathology of parasitic & Helminthic diseases ectoparasites.
117	03/06/2025	Gross and microscopic pathology of Nutritional imbalance due to carbohydrate, proteins, minerals and vitamins Miscellaneous disease – heat stroke, vent gleet. gout, internal layer, false layer.
118	04/06/2025	Gross and microscopic pathology of Nutritional imbalance due to carbohydrate, proteins, minerals and vitamins Miscellaneous disease – pendulous crop, breast blister, ascites syndrome, fatty liver syndrome, cage layer fatigue, haemorrhagic syndrome
119	05/06/2025	Gross and microscopic pathology of Nutritional imbalance due to carbohydrate, proteins, minerals and vitamins

		Miscellaneous disease - round heart disease, impaction of oviduct, egg bound condition, bumble foot, and common vices.
Unit -VI Pathology of disease of laboratory and wild animals		
120	09/06/2025	Pathology of important diseases of Rats, mice, guinea pigs – Tyzzer’s disease, Infantile Diarrhoea.
121	10/06/2025	Pathology of important diseases of Rats, mice, guinea pigs – pseudotuberculosis, Salmonellosis, ectromelia.
122	11/06/2025	Pathology of important diseases of Rats, mice, guinea pigs – Lymphocytic choriomeningitis.
123	12/06/2025	Pathology of important diseases of Rats, mice, guinea pigs – Papillomatosis.
124	16/06/2025	Pathology of important diseases of Rats, mice, guinea pigs – Murine hepatitis virus,
125	17/06/2025	Pathology of important diseases of Rabbits – Pasteurellosis, Pathology of important diseases of Rabbits – Blue breasts, Treponematosis,
126	18/06/2025	Pathology of important diseases of Rabbits – Enterotoxaemia Rabbit pox.
127	19/06/2025	Pathology of important diseases of Rabbits – Coccidiosis, Mite infestation.
128	23/06/2025	Pathology of important diseases of Rabbits –infectious myxomatosis,
129	24/06/2025	Gross and microscopic pathology of important diseases wild animals – West Nile fever, Rabies.
130	25/06/2025	Gross and microscopic pathology of important diseases wild animals – FMD, Pox
131	26/06/2025	Gross and microscopic pathology of important diseases wild animals – kysanaur forest disease, infectious hepatitis virus
132	01/07/2025	Gross and microscopic pathology of important diseases wild animals – anthrax, tuberculosis,
133	02/07/2025	Gross and microscopic pathology of important diseases wild animals – colibacillosis,
134	03/07/2025	Gross and microscopic pathology of important diseases wild animals -clostridial infection
135	07/07/2025	Gross and microscopic pathology of important diseases wild animals – trypanosomiasis
136	08/07/2025	Gross and microscopic pathology of important diseases wild animals -Babesiosis.
137	10/07/2025	Gross and microscopic pathology of important diseases wild animals – theileriosis.
138	14/07/2025	Nutritional deficiencies diseases
140	16/07/2025	Nutritional deficiencies diseases
141	17/07/2025	Revision classes
142	21/07/2025	Revision classes
143	22/07/2025	Revision classes
144	23/07/2025	Revision classes
145	24/07/2025	Revision classes
146	28/07/2025	Revision classes
147	29/07/2025	Revision classes
148	30/07/2025	Revision classes

149	31/07/2025	Revision classes
150	04/08/2025	Revision classes
151	05/08/2025	Revision classes
152	06/08/2025	Revision classes
153	07/08/2025	Revision classes
154	11/08/2025	Revision classes
155	12/8/2025	Revision classes
156	13/08/2025	Revision classes
157	14/08/2025	Revision classes
158	18/08/2025	Revision classes
159	19/08/2025	Revision classes
160	20/08/2025	Revision classes
161	21/08/2025	Revision classes
162	25/08/2025	Revision classes
163	26/08/2025	Revision classes
164	27/08/2025	Revision classes
165	28/08/2025	Revision classes
166	01/09/2025	Revision classes
161	03/09/2025	Revision classes
162	04/09/2025	Revision classes
163	08/09/2025	Revision classes
164	09/09/2025	Revision classes
165	10/09//2025	Revision classes
166	11/09//2025	Revision classes
167	15/09/2025	Revision classes
168	16/09/2025	Revision classes

DEPARTMENT OF VETERINARY PATHOLOGY
SHOURABH COLLEGE OF VETERINARY SCIENCE

Kheda, Hindaun City, Rajasthan

LECTURE SCHEDULE PRACTICAL

2nd Professional year B.V.Sc. & A.H.

Cr. Hrs. (4+2)

w.e.f 17/10/2024

Practical

Lecture duration: two hours

Name of Teachers -Dr. Kanchan Rawal and Dr. Faisal Bashir

UNIT 1 – (GENERAL VETERINARY PATHOLOGY)

Sr. No	Date	Topics
1	Batch- B 17-10-2024. Batch- C 18-10-2024 Batch- A 16-10-2024	Study of gross pathological specimens and recognition of pathological lesions
2	Batch- B 21-10-2024 Batch- C 22-10-2024 Batch- A 19-10-2024	Histopathological techniques – processing of tissue for paraffin embedding technique, section cutting, staining, identification of microscopic lesions
3	Batch- B 24-10-2024 Batch- C 25-10-2024 Batch- A 23-10-2024	Examination of histopathological slides showing general pathological alterations

UNIT 2 – (SYSTEMIC VETERINARY PATHOLOGY)

Sr. No	Date	Topics
4	Batch- B 28-10-2024 Batch- C 29-10-2024 Batch- A 26-10-2024	Study of gross specimens of Digestive system pathology
5	Batch- B 4-11-2024 Batch- C 1-11-2024 Batch- A 30-10-2024	Study of histopathological slides of Digestive system pathology
6	Batch- B 7-11-2024 Batch- C 5-11-2024 Batch- A 6-11-2025	Study of gross specimens of Respiratory system pathology
7	Batch- B 11-11-2024 Batch- C 8-11-2024 Batch- A 13-11-2025	Study of histopathological slides of Respiratory system pathology
8	Batch- B 14-11-2024 Batch- C 12-11-2024 Batch- A 16-11-2024	Study of gross specimens of Musculoskeletal system pathology
9	Batch- B 18-11-2024 Batch- C 19-11-2024 Batch- A 20-11-2024	Study of histopathological slides of Musculoskeletal system pathology
10	Batch- B 21-11-2024 Batch- C 22-11-2024 Batch- A 23-11-2024	Study of gross specimens of Cardiovascular system pathology
11	Batch- B 25-11-2024 Batch- C 26-11-2024	Study of histopathological slides of Cardiovascular system pathology

	Batch- A 27-11-2024	
12	Batch- B 28-11-2024 Batch- C 29-11-2024 Batch- A 30-11-2024	Study of gross specimens of Haemopoietic system pathology
13	Batch- B 2-12-2024 Batch- C 3-12-2024 Batch- A 4-12-2024	Study of histopathological slides of Haemopoietic system pathology
14	Batch- B 5-12-2024 Batch- C 6-12-2024 Batch- A 7-12-2024	Study of gross specimens of lymphoid system pathology
15	Batch- B 9-12-2024 Batch- C 10-12-2024 Batch- A 11-12-2024	Study of histopathological slides of lymphoid system pathology
16	Batch- B 12-12-2024 Batch- C 13-12-2024 Batch- A 18-12-2024	Study of gross specimens of Urinary system pathology
17	Batch- B 16-12-2024 Batch- C 17-12-2024 Batch- A 21-12-2024	Study of histopathological slides of Urinary system pathology
18	Batch- B 19-12-2024 Batch- C 20-12-2024 Batch- A 28-12-2024	Study of gross specimens of Male Reproductive system pathology
19	Batch- B 23-12-2024 Batch- C 24-12-2024 Batch- A 1-1-2025	Study of histopathological slides of Male Reproductive system pathology
20	Batch- B 30-12-2024 Batch- C 27-12-2024 Batch- A 4-1-2025	Study of gross specimens of Female Reproductive system pathology
21	Batch- B 2-1-2025 Batch- C 31-12-2024 Batch- A 8-1-2025	Study of histopathological slides of Female Reproductive system pathology
22	Batch- B 9-1-2025 Batch- C 3-1-2025 Batch- A 15-1-2025	Study of gross specimens of Nervous system pathology
23	Batch- B 13-1-2025 Batch- C 7-1-2025 Batch- A 18-1-2025	Study of histopathological slides of Nervous system pathology
24	Batch- B 16-1-2025 Batch- C 10-1-2025 Batch- A 22-1-2025	Study of gross specimens of Endocrine
25	Batch- B 20-1-2025 Batch- C 14-1-2025 Batch- A 25-1-2025	Study of histopathological slides of Endocrine system pathology
26	Batch- B 23-1-2025 Batch- C 17-1-2025 Batch- A 29-1-2025	Study of gross specimens of cutaneous system pathology
27	Batch- B 27-1-2025 Batch- C 21-1-2025 Batch- A 1-2-2025	Study of histopathological slides of cutaneous system pathology
28	Batch- B 30-1-2025 Batch- C 24-1-2025 Batch- A 5-2-2025	Study of gross specimens of appendages pathology
29	Batch- B 3-2-2025 Batch- C 28-1-2025 Batch- A 12-2-2025	Study of histopathological slides of appendages pathology

UNIT 3 – (ANIMAL ONCOLOGY, VETERINARY CLINICAL PATHOLOGY AND NECROPSY)

Sr. No	Date	Topics
30	Batch- B 6-2-2025 Batch- C 31-1-2025 Batch- A 15-2-2025	Macroscopic and microscopic examination of benign tumours
31	Batch- B 10-2-2025 Batch- C 7-2-2025 Batch- A 19-2-2025	Gross & microscopic exams of malignant tumours
32	Batch- B 13-2-2025 Batch- C 11-2-2025 Batch- A 22-2-2025	Routine test Blood examination Hb
33	Batch- B 17-2-2025 Batch- C 14-2-2025 Batch- A 1-3-2025	Routine test Blood examination – PCV
34	Batch- B 20-2-2025 Batch- C 18-2-2025 Batch- A 5-3-2025	Routine test Blood examination - ESR
35	Batch- B 24-2-2025 Batch- C 21-2-2025 Batch- A 12-3-2025	Routine test Blood examination - TEC
36	Batch- B 27-2-2025 Batch- C 25-2-2025 Batch- A 15-3-2025	Routine test Blood examination – TLC
37	Batch- B 3-3-2025 Batch- C 28-2-2025 Batch- A 19-3-2025	Routine test Blood examination – DLC
38	Batch- B 6-3-2025 Batch- C 4-3-2025 Batch- A 22-3-2025	Haematology in poultry
39	Batch- B 10-3-2025 Batch- C 7-3-2025 Batch- A 26-3-2025	Urine examination
40	Batch- B 17-3-2025 Batch- C 11-3-2025 Batch- A 29-3-2025	Post-mortem: Domestic animals
41	Batch- B 20-3-2025 Batch- C 18-3-2025 Batch- A 2-4-2025	Post-mortem: Wild animals
42	Batch- B 24-3-2025 Batch- C 21-3-2025 Batch- A 5-4-2025	Post-mortem: Laboratory animals

UNIT 4 – (PATHOLOGY OF INFECTIOUS AND NON INFECTIOUS DISEASES OF DOMESTIC ANIMALS)

Sr. No	Date	Topics
43	Batch- B 27-3-2025 Batch- C 25-3-2025 Batch- A 9-4-2025	Post mortem examination and its interpretations in infectious diseases of domestic animals

44	Batch- B 3-4-2025 Batch- C 28-3-2025 Batch- A 16-4-2025	Post mortem examination and its interpretations in non-infectious diseases of domestic animals
45	Batch- B 7-4-2025 Batch- C 1-4-2025 Batch- A 19-4-2025	Study of gross specimens and histopathological slides of vital organs pertaining to infectious diseases of domestic animals
46	Batch- B 17-4-2025- Batch- C 4-4-2025 Batch- A 23-4-2025	Study of gross specimens and histopathological slides of vital organs pertaining to non-infectious diseases of domestic animals
47	Batch- B 21-4-2025 Batch- C 8-4-2025 Batch- A 26-4-2025	Demonstration of adequate tangents in tissue section
48	Batch- B 24-4-2025 Batch- C 15-4-2025 Batch- A 30-4-2025	Special staining methods
49	Batch- B 28-4-2025 Batch- C 22-4-2025 Batch- A 3-5-2025	use of rapid diagnostic tests

UNIT 5 – (AVIAN PATHOLOGY)

Sr. No	Date	Topics
50	Batch- B 1-5-2025 Batch- C 25-4-2025 Batch- A 7-5-2025	Post-Mortem examination in poultry
51	Batch- B 5-5-2025 Batch- C 2-5-2025 Batch- A 14-5-2025	Diagnosis of poultry diseases
52	Batch- B 8-5-2025 Batch- C 6-5-2025 Batch- A 17-5-2025	Writing of post mortem examination reports of important diseases
53	Batch- B 12-5-2025 Batch- C 9-5-2025 Batch- A 21-5-2025	Collection, preservation & dispatch of morbid material in poultry diseases
54	Batch- B 15-5-2025 Batch- C 13-5-2025 Batch- A 24-5-2025-	Study of gross specimens of viral diseases of poultry
55	Batch- B 19-5-2025 Batch- C 16-5-2025 Batch- A 28-5-2025	Study of microscopic lesions of viral diseases of poultry
56	Batch- B 22-5-2025 Batch- C 20-5-2025 Batch- A 31-5-2025	Study of gross specimens of bacterial diseases of poultry
57	Batch- B 26-5-2025 Batch- C 23-5-2025 Batch- A 4-6-2025	Study of microscopic lesions of bacterial diseases of poultry
58	Batch- B 2-6-2025 Batch- C 27-5-2025 Batch- A 11-6-2025	Study of gross specimens of parasitic diseases of poultry
59	Batch- B 5-6-2025 Batch- C 30-5-2025 Batch- A 18-6-2025	Study of microscopic lesions of parasitic diseases of poultry
60	Batch- B 9-6-2025 Batch- C 3-6-2025 Batch- A 21-6-2025	Study of gross specimens of fungal diseases of poultry
61	Batch- B 12-6-2025 Batch- C 6-6-2025	Study of microscopic lesions of fungal diseases of poultry

	Batch- A 25-6-2025	
62	Batch- B 16-6-2025 Batch- C 10-6-2025 Batch- A 28-6-2025	Study of gross specimens of nutritional deficiency diseases of poultry
63	Batch- B 19-6-2025 Batch- C 13-6-2025 Batch- A 2-7-2025	Study of microscopic lesions of nutritional deficiency diseases of poultry
64	Batch- B 23-6-2025 Batch- C 17-6-2025 Batch- A 5-7-2025	Study of gross specimens of nutritional excess diseases of poultry
65	Batch- B 26-6-2025 Batch- C 20-6-2025 Batch- A 9-7-2025	Study of microscopic lesions of nutritional excess diseases of poultry
66	Batch- B 30-6-2025 Batch- C 24-6-2025 Batch- A 16-7-2025	Study of gross specimens of miscellaneous diseases of poultry
67	Batch- B 3-7-2025 Batch- C 27-6-2025 Batch- A 19-7-2025	Study of microscopic lesions of miscellaneous diseases of poultry

UNIT 6 – (PATHOLOGY OF DISEASES OF LABORATORY AND WILD ANIMALS)

Sr. No	Date	Topics
68	Batch- B 7-7-2025 Batch- C 1-7-2025 Batch- A 23-7-2025	Post mortem examination of laboratory and wild animals
69	Batch- B 10-7-2025 Batch- C 4-7-2025 Batch- A 26-7-2025	Study of gross specimen and histopathological slides of diseases affecting laboratory animals
70	Batch- B 14-7-2025 Batch- C 8-7-2025 Batch- A 30-7-2025	Study of gross specimen and histopathological slides of diseases affecting wild animals
71	Batch- B 17-7-2025 Batch- C 11-7-2025 Batch- A 2-8-2025	Revision classes
72	Batch- B 21-7-2025 Batch- C 15-7-2025 Batch- A 6-8-2025	Revision classes
73	Batch- B 24-7-2025 Batch- C 18-7-2025 Batch- A 13-8-2025	Revision classes
74	Batch- B 28-7-2025 Batch- C 22-7-2025 Batch- A 20-8-2025	Revision classes
75	Batch- B 31-7-2025 Batch- C 25-7-2025 Batch- A 23-8-2025	Revision classes
76	Batch- B 4-8-2025 Batch- C 29-7-2025 Batch- A 27-8-2025	Revision classes
77	Batch- B 7-8-2025 Batch- C 1-8-2025 Batch- A 30-8-2025	Revision classes
78	Batch- B 11-8-2025 Batch- C 5-8-2025 Batch- A 3-9-2025	Revision classes

79	Batch- B 14-8-2025 Batch- C 8-8-2025 Batch- A 6-9-2025	Revision classes
80	Batch- B 18-8-2025 Batch- C 12-8-2025 Batch- A 10-9-2025	Revision classes
81	Batch- B 21-8-2025 Batch- C 19-8-2025 Batch- A 17-9-2025	Revision classes
82	Batch- B 25-8-2025 Batch- C 22-8-2025 Batch- A 20-9-2025	Revision classes
83	Batch- B 28-8-2025 Batch- C 26-8-2025	Revision classes
84	Batch- B 1-9-2025 Batch- C 29-8-2025	Revision classes
85	Batch- B 4-9-2025 Batch- C 9-9-202	Revision classes
86	Batch- B 8-9-2025 Batch- C 12-9-2025	Revision classes
87	Batch- B 11-9-2025 Batch- C 16-9-2025	Revision classes
88	Batch- B 15-9-2025	Revision classes
89	Batch- B 18-9-2025	Revision classes
